NICOLE LAWRENCE

lawrence.restrainedchaos@gmail.com
Lawrence-nicole 986-497-8916

Education:

Brigham Young University-Idaho, BS · Software Engineering · Graduated 2023
Brigham Young University-Idaho, AA · General Studies · Graduated 2011
Brigham Young University, BA · Latin Teaching (partial) · Attended 2001-2004

Skills:

Backend	Frontend	Databases	Tools
Python	HTML	SQL	VS Code
JavaScript	CSS	PostgreSQL	JetBrains IDEs
C++	Bootstrap	MySQL	Git
Git	Angular	PHP	NPM
Java	Node	MongoDB	Storybook
PHP	TypeScript	Firebase	
XML		Heroku	
jQuery			

Soft Skills:

- Creative problem solver
- Organized and analytical thinker with an eye for important details
- Understanding of software testing & computer security principles
- Humanities and foreign language background
- Outstanding writer and content creator
- Experience with editing & proofreading

Experience:

Software Engineer Intern
Rexburg Business Development Ctr (non-profit)
June 2023 - Mar 2024

- Project UL Panel WebApp through ALPS | Advanced Program
  - Continuing development (Phase 3) of a web app enabling electrical engineers building control panels to design complex blueprints needed for UL compliance
    - Task: utilizing full-stack web development experience to design and develop new features for a web-based application that can receive user input specifications and generate component requirements based on the UL Specification.
  - Sole member of the team working on the backend with SQL and PHP
    - Efficiently connecting the database to the web app using PDO and SQL
  - Key contributor to the final working version of the login page
    - Improving HTML, CSS, and JS on the login page to seamlessly transition between two distinct landing pages (sign up for an account or log in with an existing one).

Lawrence-nicole 986-497-8916

ICS Web Development Intern

The Church of Jesus Christ of Latter-Day Saints

Aug - Dec 2022

Full-time paid remote internship working on the www.comeuntochrist.org team:

- Working extensively on a high-priority form-enhancement project:
  - Improving site-wide mobile readiness in form components by
    - implementing input field modifications
    - including transitions to adaptive floating labels
    - styling bigger, more compact form fields
- Implementing feature enhancements and deprecation
- Effectively streamlining the site by identifying, reporting, and repairing frontend bugs
- Consistently completing system maintenance tasks by deadline
- Working effectively with team members in an Agile environment
- Effective at collaborating with the design team to implement component requirements

Internship Class Teaching Assistant (TA)

BYU-Idaho CSE Dept

Apr - Jul 2021

- Grading student assignments
- Coordinating with instructor and TA team in an Agile environment
- Organizing and analyzing internal summary reports to track and improve the course and show course effectiveness

Software Testing Teaching Assistant

BYU-Idaho CSE Dept.

Apr - Nov 2021

- Collaborating with Supervisor/Professor to create course content for online/on campus classes.
- Curating, proofreading, and editing course content to help improve course success.
- Collaborating with the instructor to create new and updated course content.

Proofreader

The Good & the Beautiful

2018-2019

- Proofreading original K-12 curriculum grammar and punctuation to prevent errors in final product.
- Inspecting curriculum for consistency of page layout and design before publication.

Python Tutor

BYU-Idaho CSE Department

2018-2019

- Successfully tutoring on-campus CS101 students in Python 3.
- Effectively tutoring BYU-Idaho Pathways online students over Zoom to ensure students can independently complete coursework.
- Working independently in off-hours in self-study to efficiently teach Codecademy.com courses and proficiency in Python 2.

NICOLE LAWRENCE
